

Be You Survey Time - We Value Your Feedback

This term students, parents and staff will be participating in the *Be You* survey. It is important to hear from all members of the school community. The survey asks participants for their views about aspects of the school that relate to supporting students' mental health and wellbeing. All responses are completely anonymous and are stored securely by Be You and Berry Public School.

Parents are invited to complete a survey on Wednesday 7th August on our school's Open Day.

Surveys will only take approximately 10-15 minutes and will be conducted in the Library.

What is the parent survey about?

The survey asks parents and carers for their perspectives on their child's school and what they think is important for schools to consider to better support children's mental health and wellbeing.

Who should participate?

The consultation process encourages parents and carers to complete a short survey (26 multiple choice questions) about how well our school supports the mental health and wellbeing of your children. As an extra incentive, the class with the highest number of parent responses to the survey will have a movie & popcorn reward later this term.

What happens to the answers?

The answers provided by parents and carers are completely anonymous and are stored securely by Be You and Berry PS.

Our school values the information gained from these surveys; the data drives future school planning.
